

A**Assignment 1 (ref. coarse)**

- | | | |
|-------------------------------|-------------------------------|------------------------------|
| 1 Neuroectoderm and glia | 10 Muscle cells | 19 Intestine |
| 2 Intermediate neuronal prog. | 11 Hepatocytes | 20 B cells |
| 3 Eye and other | 12 White blood cells | 21 Olfactory sensory neurons |
| 4 Ependymal cells | 13 Neural crest (PNS glia) | 22 Cardiomyocytes |
| 5 CNS neurons | 14 Adipocytes | 23 Oligodendrocytes |
| 6 Mesoderm | 15 Primitive erythroid | 24 Mast cells |
| 7 Definitive erythroid | 16 Neural crest (PNS neurons) | 25 Megakaryocytes |
| 8 Epithelial cells | 17 T cells | 26 Testis and adrenal |
| 9 Endothelium | 18 Lung and airway | |

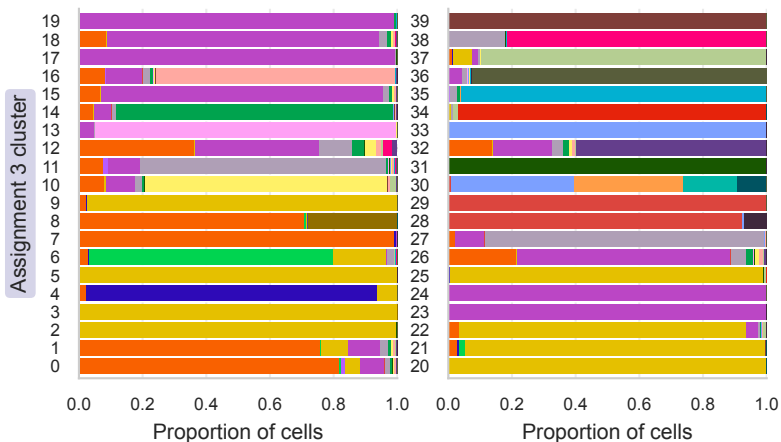

B

Assignment 2 (ref. fine) as a subassignment of

Assignment 1 (ref. coarse)

**C**

Assignment 1 (ref. coarse) composition with respect to Assignment 3 (*de novo* coarse)

**D**

Assignment 1 (ref. coarse)

Assignment 2 (ref. fine)

Assignment 3 (*de novo* coarse)
